Education

Illinois Institute of Technology — August 2018 - May 2024
Bachelor of Science, Artificial Intelligence,
Minor In Applied Mathematics
Masters of Science, Business Analytics — May 2024 – December 2025
- International Student merit-based Scholarship

PROFESSIONAL EXPERIENCE

Global Shala, Chicago, United States of America — *June 2022*
IT department: Data Analyst intern

- Analysed operational datasets to identify inefficiencies and performance improvement opportunities.
- Delivered insights supporting business planning, reporting, and strategic decision making.
- Collaborated cross-functionally to improve data workflows and reporting clarity.
- Communicated technical insights to non-technical stakeholders for implementation alignment.

RELEVANT EXPERIENCE

Business Strategy & Market Analytics Projects — *Illinois Institute of Technology | Chicago, IL | 2024–Present*

Market Strategy & Customer Segmentation Analysis

- Analysed 50K+ customer and market records using Python, SQL, and Excel to identify behavioural segments and growth opportunities.
- Structured ambiguous business problems into analytical frameworks evaluating pricing, demand drivers, and channel performance.
- Developed go-to-market recommendations improving target segment clarity and supporting revenue strategy decisions.
- Presented executive-ready insights translating complex data into actionable strategic recommendations.

Competitive Landscape & Business Model Evaluation

- Conducted benchmarking across 10+ competitors assessing pricing models, positioning, and distribution strategy.
- Built decision frameworks evaluating product-market fit, scalability, and operational feasibility.
- Synthesized findings into leadership-level recommendations supporting long-term strategic planning.

Data Analytics & Decision Science Projects — *Institute of Illinois Technology | Chicago, IL*

Predictive Analytics & Business Insights Modeling

- Developed predictive models in Python and Tableau to identify operational performance drivers and customer behaviour patterns.
- Translated analytical outputs into business recommendations influencing planning and performance strategy.
- Built dashboards improving visibility into KPIs and enabling data-driven decision making.

Quantitative Market Modeling (QMM)

- Applied statistical modeling and hypothesis testing to evaluate market demand and opportunity sizing.
- Delivered structured insights supporting strategic prioritization and investment decisions.

Marketing Strategy & Consumer Insights

Marketing Strategy & Consumer Insights

- Assessed market size, growth potential, and customer pain points across multiple segments.
- Developed positioning, pricing, and go-to-market strategies aligned with customer behaviour insights.
- Evaluated competitor offerings and channel dynamics to strengthen differentiation strategy.
- Presented strategic insights to stakeholders in concise, decision-ready formats.

SKILLS
